Friday's Dish with Lara Spencer

It's Friday, which means Lara Spencer is back with the Dish and some cool gifts for Rachael.

Rachael Ray and Lara Spencer

Passion on the Vine

By Sergio Esposito

Lara: Finally, for you on your travels, *Passion on the Vine* by Sergio Esposito. This book combines Italy and wine. It's a great read.

Rachael: Write down what happened there. That was a romance.

Lara: This book is again not even out yet. He owns the wine store that you get your wine from downtown.

Rachael: Italian Wine Merchants.

Lara: He owns that. This is about his beautiful life in Italy, searching for the perfect wine. It's really interesting and luscious and reminds me of *Under the Tuscan Sun*. There is a lot of buzz on it. I expect you will hear a lot about it. I wanted to get you a copy first.

Rachael: I love it. I'm going to read this on my way to our anniversary this year in Italy. Thank you. It's fabulous.
